

April 12 – To Do's

In addition to the Permission Click Field trip, here are two additional to do items:

1. Please have your child bring in a small stuffed animal to use for the CLAB lesson about animal adaptations. It will be at school on or before Monday, April 22nd. The stuffed animal will go home after the lesson. It is ok if they are not able to bring one, since they are working in groups of 2 or 3. Also Ms. Chew will have some extras.

2. Museum Display and Presentation:

The next project is scheduled for mid May. You do not need to work on it during the break. I wanted to make it available in case you are not going away. The students need to get their book approved beforehand. The form went home today. Please check [Museum Display Project](#) to print out a copy and see example pics.
