

December 18, 2024

Hello Room 16 Families,

It is hard to believe that we are so close to the Winter Holiday break and that 2025 is approaching!

Curriculum Update-

Language Arts: We have been working on reading and looking for the central message, theme, and pulling details from text to support our reading. We have been working on our grammar: continuing to look at sentence structure, subjects, predicated, verb tense, subject/verb agreement, and also adverbs.

Math: We have been learning strategies for finding an unknown factor and for multiplying with multiples of 10. I am seeing the fact recall of students improve and this has helped as we have moved into seeing the relationship between multiplication and division.

Social Studies: We had a fun balloon parade and are finishing up our California Regions booklets. After the holidays, we will move into our Native American unit.

Science: We have finished up our Forces, Motion, and Magnets unit and will be moving into our Wild Weather unit.

If I do not see you before the break, I wish all of you a wonderful and safe holiday season. Enjoy time with your loved ones.

-Mrs. Peters
