

January 10, 2025

Hello Room 16 Families,

Happy New Year! Hope you all had a wonderful break! I've been hearing stories of what they did.

Here's a quick snippet of what we are doing in Room 16.

Writing: Students learned that opinion writing can also be persuasive. We have been talking about restaurants that we enjoy. Students have been writing for a restaurant of their choice and wrote a review. We have a lot of students who enjoy sushi, ramen, pizza, Lazy Dog, and McDonald's.

Reading: We will be moving into our character studies unit. Students will be looking closely at characters and see how they develop.

Math- We have been learning about division facts and strategies. We will also learn the order of operations to solve problems involving more than one operation.

Science- We had a presentation from the Palo Alto Junior Museum. Students learned about the non-contact nature of magnetism and used what they learned to help reduce friction to engineer a simple levitating train.

Social Studies- Please remember that doll slips for the Heritage Doll project are due on Tuesday, January 14.
